Sir:

I report additional crimes pertaining to my original complaint.

In spite of the overwhelming evidence, the 294th District Court is refusing to exonerate me. Attached are my letters to the District Attorney and to the Administrative Judicial District. There has been no movement or even a reply.

I want to call particular attention to my complaints regarding the misuse of the Van Zandt Country Appraisal District. The attorney is the counsel for the Appraisal District and is in a position to affect the agenda of that agency.

I appeal to the Justice Department to free me.

Sincerely,

Udo Birnbaum

Re: Recusal of Judge
Cause 95-63
294th District Court
Canton, Texas

Your Honor:

I was summoned into 294th District Court in Canton, Texas in February 1995 as a result of the fabrications of the suing attorney. I am still in Court in October because of the protection given to the attorney by the Court. In light of previous cover-ups I have experienced by the Court, I am now forced to believe that EVEN MY MOTION FOR RECUSAL OF JUDGE IS BEING OBSTRUCTED BY NOT BEING FORWARDED. I have never been notified by the Court or by your office. I complain of the following:

I

Because of a too close working relationship with then Court, the suing attorney was able to infiltrate the Process and trick the Court into actually PROCEEDING with a Default Judgment. No such motion and no such documents had been filed. THE DOCUMENT THE COURT WAS ACTING ON HAS DISAPPEARED.

II

Both the Court and the attorney were surprised by the appearance of the Defendant and his objection to the proceedings before the bench. The Court ever-after has shielded the attorney by suppressing what truly transpired before the bench, including the private discussion between the attorney and the judge. Between the judge and the attorney they rolled these proceedings into a pre-trial hearing.

III

The Court then proceeded with a pre-trial hearing, which was itself improper, since no such request had been made to the Court. Without an evidentiary hearing, and in the absence of the Plaintiff, the judge was willing to accept the Plaintiff's Original Petition, despite the Defendant's Pleading complaining of false charges and assault by the attorney. THE DEFENDANT HAS BEEN UNABLE TO OBTAIN THE TRANSCRIPT OF THE PROCEEDINGS BEFORE THE BENCH IN OPEN COURT.

IV

There has never been an evidentiary hearing and the Plaintiff has NEVER been before the Court, despite numerous requests by the Defendant to hear from the Plaintiff. The Defendant has challenged the attorney's authority from the beginning.

V

The Court has suppressed evidence by failing to comply with the Defendant's numerous requests for transcripts of this and other hearings. The Court never questioned the actions of the suing attorney or attempted to correct its own mistakes.

VI

The Court has failed to pursue the Defendant's complaints of fraudulent charges and perjury by the attorney, even in the face of a Sheriff's report and a crime report to the District Attorney.

VII

Defendant is entitled to fair and impartial treatment based on the facts. THE DEFENDANT'S EXPOSURE AND VULNERABILITY MUST NOT BE EXTENDED BECAUSE OF FAVORITISM, COVER-UPS, AND TAMPERING.

VIII

My defense has been obstructed, and I was forced to ask for the recusal of the judge. But I have never been notified by the Court or your office regarding the status of the motion for recusal.

We the citizens of Van Zandt County have had a history of questionable behavior by our elected officials. But it is only now that I find myself personally confronted by individuals who are or who have been in high public positions.

My farm constitutes a sizeable investment. I find it totally unacceptable to have such persons, by fraudulent means, appropriate what is rightfully mine.

I have filed a complaint with the District Attorney of Van Zandt County regarding the above matters.

It is time to restore confidence. A DEFENDANT SHOULD NOT BE FORCED TO DEFEND HIMSELF AGAINST THE MACHINATIONS OF A SUING ATTORNEY IN A MANIPULATED COURT.

I now petition your office to refer the above matters to the Attorney General of the State of Texas and the Commission on Judicial Revue.

Please inform me regarding the status of recusal of judge.

DEFENDANT'S COMPLAINTS
~~~~~

Defendant is the victim of racketeering under color of law in a hijacked Court.

Defendant initially was the victim of the Plaintiff's irresponsible terrain modification.

Defendant next became the victim of the machinations of the attorney, starting with his Petition not based on facts, but crafted to get the attorney into his Court. **THE ATTORNEY IS THE REAL PLAINTIFF.**

Defendant next became the victim of a conspiracy involving the Plaintiff and his attorney, because of the failure of the Plaintiff either to have the Petition corrected or to notify the Court of the fabrications.

Not only did the Defendant's property become the object of the attorney's attention, but it also received the close scrutiny of the Van Zandt County Appraisal District. The attorney is a past County Judge and is presently the attorney for the Appraisal District.

The Court itself became a party to the conspiracy, by aiding and abetting the attorney, obstructing the Defense, denying Defendant due Process, and providing cover for the attorney. **IT IS THE CONTINUOUS COVER-UP THAT HAS MADE THE WHOLE ORCHESTRATION VISIBLE.**

Defendant is entitled to have the above crimes pursued in order to reveal the extent of involvement of all parties. Defendant should not be forced into the role of a prosecutor.

Defendant's adversaries have enjoyed many influential positions, both elected and appointed. Defendant is vulnerable to Byzantine reprisals.

# Board to fight lawsuit

By Greg Wells

CANTON—The board of directors of the Van Zandt County Appraisal District voted Monday night to vigorously defend the appraisal of several federally-subsidized housing projects in the county.

That defense will be in the courtroom. The Westview Apartments, Edgewood Senior Community, and Wills Point Manor are the plaintiffs in a suit against the appraisal district, claiming the district's appraisal is too high.

Chief appraiser Ron Groom explained to the board that the district appraised the properties based on appraisal numbers from other similar government-subsidized projects. Mr. Groom said the tax agent is using figures for conventional apartments.

One of the big differences, Mr. Groom said, is the owners of the government-subsidized housing are paying one percent interest on the money they borrowed to build the units, whereas a conventional apartment builder would pay much higher interest.

He said the taxable value on the property is based on the earning potential, similar to farm land, and a higher interest rate like most conventional apartment owners pay would lower the income potential and there-

fore the taxable value would go down.

The question stressed by many of the board members was, wouldn't they be setting a precedent if they don't defend this appraisal and negotiated instead?

Mr. Groom said the appraisal has been repeatedly reviewed and stands as fair and accurate. He said other surrounding counties are within \$0.20 per foot of this county's per-foot appraisal on this type of property.

Board president Frank Allen noted, "It would be a real weakness if we don't defend this appraisal."

He said the district can't afford to give the impression that all someone has to do is file a lawsuit to get their taxes lowered.

Board member Jack Gilbert said, "This could be just the tip of the iceberg—we need to defend ourselves vigorously."

Richard Ray, the district's local counsel, told the board, "You are all elected officials and you have to do what is best for the whole county."

The full board agreed and the vote to vigorously defend the appraisal in court was approved.

Also approved was a continuance of the district's current health insurance provider. The district advertised for new bids but received none.

In other business before the board:

- It was announced that all the cur-

rent members with the exception of Mike Abbott were renominated for another term.

Mr. Abbott said it was not that he wanted off the board, but rather that he felt he had served long enough and he has other obligations.

- Mr. Groom recommended to the board that the sale of the district's cars be delayed for a while. He said this would allow the vehicles to be used in working on the 911 rural addressing system. He said the cost of operating the vehicles would be borne by 911 funds.

- The board gave Mr. Groom permission to make a decision on who the district's public official liability insurance will be with.

- The board approved the district's hiring of Doug Mitchell as the accountant to handle the day-to-day matters for the district, rather than hiring an employee for those duties.

Mr. Mitchell was the district's auditor. The new auditor will be Kelli LaPrade.

Mr. Groom said he did investigate, at the request of board member Roy LaPrade, to insure that hiring the new auditor would not be a violation of the nepotism laws.

- The board also okayed several line item transfers in the 1995 budget.

TO:

Leslie P. Dixon  
District Attorney Van Zandt

I, Udo H. Birnbaum report the following crimes committed by William B. Jones against Udo H. Birnbaum and request your attention to these matters. Both Birnbaum and Jones reside in Van Zandt county and all matters referred to occurred in Van Zandt county.

A report by the Sheriff's Office styled Incident No. 95000270 dated February 8, 1995 is enclosed as documentation of these crimes.

I report the following crimes:

Jones maliciously and negligently destroyed Birnbaum's existing fence at the property line between Jones and Birnbaum for a total distance of about 350 yards. Birnbaum is a rancher who relies on this fence to control his cattle. Jones failed to give any warning to Birnbaum and the fence has been down for more than five (5) months.

Jones trespassed upon the property of Birnbaum by directing the operator of the bulldozer upon the property of Birnbaum, pushing large quantities of brush, debris, and wire fence beyond Jones' property line and up to 25 feet onto the property of Birnbaum. This is willful criminal trespassing.

Jones maliciously and negligently released large quantities of water onto Birnbaum's property by the use of dynamite to blow up a dam existing on Jones's property. Jones failed to give any warning to Birnbaum. Uncontrolled amounts of water containing sand, driftwood, and debris scoured Birnbaum's land and created ditches, gullies, and uncontrollable erosion. Large quantities of sand, driftwood, and debris remain on Birnbaum's property to this day.

I request the District Attorney of Van Zandt to refer these matters to the County Grand Jury for prosecution.

Sincerely,

enc:

In light of my recent communication dated August 25, 1995, I request the assistance of your Office to secure all documents pertaining to Cause 95-63 in 294th District Court.

I specifically request assistance with the following matters:

1. Court File 95-63, including the sequential numbering of all pages to detect any future tampering by both removal or entry.
2. The official Court proceedings of my hearings dated April 4, 1995 and June 12, 1995.
3. The mechanical and electrical recordings by the Court reporter for the same dates.

I have been unable to obtain transcripts for the two hearings. I have been unable to impress upon the Court the important role of these documents for my defense.

IN LIGHT OF MY INABILITY TO OBTAIN RECORDS ESSENTIAL TO MY DEFENSE, AND IN LIGHT OF MY MOTION FOR RECUSAL OF JUDGE, THIS REQUEST IS VALID AND URGENT.

Thank you for your response to my communication of August 25, 1995, your review of File 95-63, and our earnest discussion of these matters at our meeting.

I am the victim of a double crime. On February 15, 1995 I complained to this Office of crimes committed by William B. Jones. Now I am complaining to this Office of additional crimes, which are an outgrowth of the first crime, but which have been committed against me by an Officer of the Court.

All the above crimes are in your area of enforcement, and I am entitled to the protection of this Office.

BECAUSE OF THE SCOPE AND SERIOUSNESS OF THE SECOND CRIMES, I REQUEST THAT THESE MATTERS BE ADDRESSED BY A HIGHER AUTHORITY.

Dear Mr. Sullivan:

Attached is a copy of the report by Private Investigator Doug Pool.

Mr. Pool's investigation also produced a witness who can substantiate that I am a victim of a hoax before the Court.

I do not want to be placed in a position where my pursuit of this matter could be misconstrued as influencing or tampering with a witness in a criminal matter.

I therefore request that you investigate and obtain sworn statements.

Please confer with Investigator Pool regarding details.

Re: Cause 95-63  
294th District Court

Dear Mr. Sullivan:

In addition to being victimized in a hijacked Court, I have reason to believe that other crimes were committed against the me at the same time.

I was initially the victim of irresponsible terrain modifications by my upstream neighbor.

I next became the victim of the machinations of the attorney, starting with his Petition not based on facts, but crafted to get the attorney into his Court.

I next became the victim of a conspiracy involving the Plaintiff and the attorney, because of the failure of the Plaintiff either to have the Petition corrected or to notify the Court of the attorney's fabrications.

The Court itself became a party to the conspiracy, by aiding and abetting the attorney, obstructing the Defense, denying Defendant due Process, and providing cover for the attorney. IT IS THE CONTINUOUS COVER-UP THAT HAS MADE THE WHOLE ORCHESTRATION VISIBLE.

Not only did my property become the object of the attorney's attention, but it also received the close scrutiny of the VAN ZANDT COUNTY APPRAISAL DISTRICT. He is the attorney for the Appraisal District.

The attorney has gone outside the bounds of Law and conduct to misuse the power of the Court. I have reason to believe he also misused the power of the Appraisal District to attack me on another front and to force me to conduct two simultaneous legal defenses:

The appraisal District attempted to remove the agricultural appraisal on a portion of my farm.

I have owned the portion in question for over 13 years and the agricultural appraisal has NEVER been questioned. Simultaneous with being sued by the attorney, the property is suddenly scrutinized.

The attorney researched a detailed description of my farm, and included the titles in his Petition. BUT HE DID NOT INCLUDE THIS PORTION IN THE PETITION. The Appraisal District questioned this portion, BUT DID NOT CONSIDER THE REST OF MY FARM. All land on my farm is adjoining.

In the case of the Court, proceedings were initiated against me. Then the attorney failed to provide substantiation of the charges, and refused to provide answers to key interrogatories.

In the case of the Appraisal District, proceedings were also initiated against me. Then the Appraisal District failed to provide substantiation regarding their allegations. My request regarding the criteria for "compliance" is pertinent to my defense before a legal board.

I AM THE VICTIM OF RACKETEERING UNDER THE COLOR OF LAW.

Your Office is required to pursue these matters so that the involvement of ALL parties to ALL conspiracies against me can be revealed.

Sincerely,

*Udo Birnbaum*

Sir:

I, as the Defendant, have exhausted all avenues to have this rogue Court function.

In his scheme to extract money from me, the suing attorney is guilty of official oppression for using the Court as a sword, and another legal body, the Van Zandt County Appraisal District, as a whip and a ploy.

The Court has not only refused to restrain the attorney, but has aided and abetted his deceptive fraudulent practice and allowed him to continue to prey on me. This attorney has probated the Birnbaum estate.

On October 4, 1995, I officially informed the Administrative Judicial District of the criminal misuse of procedure. Receiving no reply, I then officially petitioned the District to respond. I have yet to receive any reply.

The Court is in total contempt of evidence, procedure, and my rights.

MY PERSONAL SAFETY IS JEOPARDIZED BY THE REFUSAL OF THOSE RESPONSIBLE FOR THE OVERSIGHT OF THIS ROGUE COURT TO DEAL WITH THE CRIMES THEY HAVE BEEN MADE AWARE OF.

Sir:

The attached document together with my previous communication documents my dilemma. I have not received any reply to my previous four (4) letters seeking the involvement and protection of the Judicial District.

It has become clear what it is that I have been subjected to and why:

Fully assured that he would be protected by the judge despite any and all transgressions, the attorney drew me into their web with fraudulent charges.

There is a covert gangster enterprise operating within the Court, with its tentacles reaching far out, which no one is willing to excise.

Now, after a full fourteen (14) months of having been denied due process, they will no doubt whitewash all their transgressions with yet another surprise kangaroo hearing, leaving me vulnerable to the thugs who are enjoying the protection of the web.

I am now being stalked, and am rapidly becoming a prisoner, by being forced into a precautionary mode by recent developments. I need action by the Justice Department.

I AM STANDING ALONE AND HAVE NO FURTHER LEGAL DEFENSE OR LEGAL RECOURSE.

Sincerely,

Sir:

The attached document together with my previous communication documents my dilemma. I have not received any reply to my previous four (4) letters seeking the involvement and protection of the Judicial District.

It has become clear what it is that I have been subjected to and why:

Fully assured that he would be protected by the judge despite any and all transgressions, the attorney drew me into their web with fraudulent charges.

There is a covert gangster enterprise operating within the Court, with its tentacles reaching far out, which no one is willing to excise.

Now, after a full Fourteen (14) months of having been denied due process, they will no doubt whitewash all their transgressions with yet another surprise kangaroo hearing, leaving me vulnerable to the thugs who are enjoying the protection of the web.

I am now being stalked, and am rapidly becoming a prisoner, by being forced into a precautionary mode by recent developments. I need action by the Justice Department.

I AM STANDING ALONE AND HAVE NO FURTHER LEGAL DEFENSE OR LEGAL RECOURSE.

Sincerely,

*Udo Birnbaum*

MOTION FOR RECUSAL AND DISQUALIFICATION  
=====

BY \_\_\_\_\_

Cause 95-63 is not now, and never has been, a legitimate process, but only one aspect of the attempt of a powerful attorney to overwhelm me and steal from me by the misuse of his authority, aided and abetted by this Court, and another legal body which he has manipulated against me.

You and the Administrative District have refused to do your duty of policing and bringing this Court into compliance.

You have refused to enter my complaints of obstruction of process on the District's official agenda. I have entered SIX (6) petitions, motions, and complaints starting October 2, 1995, without receiving a single reply!

You have sneaked into a courtroom for a secret kangaroo hearing in support of cronies. You have not addressed the reason for my calling on the District, namely OBSTRUCTION OF PROCESS, and the reason for my motion of recusal, CRIMES IN THE COURT, and the refusal of judge Wallace to address crimes. There has been no notification of any kind from the District!

You and the District have had all the time in the world to act. Judge Zimmerman, you have failed to address what is before the Court. Your subsequent distancing yourself from the serious charges before the Court, by interposing one too close to those I have been complaining about, robs me of process, procedure, and the right to be heard by an impartial judge.

I am unwilling to endure any more of this charade and put off.

It is obvious to anyone that the parties I have been complaining about should have been suspended long ago, and that the coverup reaches to the highest levels.

In light of the above, your immediate recusal and the disqualification, from Cause 95-63, of all judges and ex-judges of the First Administrative District is in order.

Re: TAMPERING WITH CERTIFIED MAIL

I report obstruction of official Court process by tampering with CERTIFIED mailing P 211 515 649, June 10, 1996, in the U.S. Mail.

My mailing was presented to me on June 22, 1996 as UNDELIVERABLE, but I have sent other certified mailings to this same address which have been delivered. In addition, the item seems to have been opened, and the time since mailing seems too long.

I have previously complained to the U.S. Justice Department on related matters regarding the addressees, and based on even other occurrences, I have reason to believe that my mailing, properly addressed, has been OPENED, ITS CONTENTS DIVULGED TO OTHERS, BEEN RE-SEALED, AND RE-ENTERED INTO THE U.S. MAIL UNDER FALSE PRETENSES, in order to deny me the documentation of their having had access to the information.

As an officer of the 294th District Court, Canton, Texas I now report tampering with official Court documents while in the U.S. Mail.

I require your findings as evidence. Be sure to TREAT THE RETURNED MAILING AS EVIDENCE by leaving it in its protective clear envelope until such time as you have coordinated with the Justice Department. It is imperative to determine who has handled the document.

As an officer of the Court, I should be informed at each stage of your findings.

Re: Altering of File 95-63, 294th District Court, Canton, TX.

Regarding recent entries into File 95-63 without official date/time stamps:  
It appears someone with access to privileged information and File 95-63  
has altered these records.

Part of my confidential complaint to Zimmerman and the First Judicial  
District has suddenly appeared in file 95-63 AFTER I presented my Motion  
for Recusal and Disqualification to the First Judicial District, as has  
the notice for Zimmerman's surprise hearing.

I have reason to believe that the belated entry of these two documents is  
a continuation of the cover-up by parties in this Court, who are now  
painting a cover of legitimacy upon Zimmerman's hearing and their meddling.  
These documents now masquerade as evidence of an open, timely, and proper  
Court process.

I specifically checked the file after my June 10, 1996 Motion and the  
documents positively were not present.

The out-of-context small part of my complaints to the First Administrative  
District SHOULD NOT have been divulged by entry into the File. Zimmerman's  
notice SHOULD have been entered into the file more than FOUR MONTHS ago,  
BEFORE his hearing.

I have experienced previous non-filing, late filing, and the disappearance  
of evidence by the 294th District Court, and have requested the assistance  
of the District Attorney.

I now call on you for the following:

1. The determination of the dates of the filing for the above documents,  
by whatever means is necessary, so that the actual sequence of events  
can be determined.
2. The sequential numbering of all pages in File 95-63 to make removal  
or additions more detectable and traceable.

Regarding funding, you need to be aware of the following:

1. The Clerk of Court is permitting official records to be altered.
2. The Court Administrator is refusing to provide official Court records.
3. The judge has been made aware of falsifications and perjury, yet is continuing to allow the Court to be misused.
4. The judicial and administrative oversight has been officially notified, yet is permitting the problems to continue.
5. The Appraisal District's attorney is using that agency against adversaries in his private practice of law.

I request to address Commissioner's Court to convey my concerns.

Re: FORGERY of COURT ORDER
~~~~~

Richard Ray has obtained a fraudulent Court Order, obtained under the BOGUS Cause number 95-93, to force me to participate in sham proceedings.

The use of the BOGUS 95-93 number in his "Request for Setting Form" dated October 23, 1996, unbeknown to me at that time, was his way of skirting the Court Administrator, particularly in light of the attention she already had received regarding MY Cause 95-63.

Neither document is presently to be found in file 95-63, even though a copy I received from Davis & Price last Friday, Jan. 24, shows the Court Order as having been filed at 8:01 AM on Jan. 21, 1997. The document appears to have gone through a fax process at some prior stage, and a horizontal line one third from the bottom indicates some sort of discontinuity in the document.

This leads to the following conclusions:

1. Richard Ray BYPASSED the Court Administrator, because he could not have obtained such an Order in light of the RECUSALS.
2. NO ORIGINAL Court Order can be found, because none EVER existed, and that the document I received from Richard Davis was **\*\*SPLICED\*\*** or **\*\*DUBBED\*\***, probably BEFORE being faxed.

Anyone should have been suspicious of the document because of the deadlines mentioned in the "Order" and the date it was "signed".

ONLY A SENILE JUDGE WOULD SIGN SUCH A DOCUMENT.

ONLY SOMEONE WITH A PERSONAL INTEREST AND OUT OF DESPERATION WOULD PROCEED WITH IT.

My reply to Richard Davis documents my position, and also provides you with copies of the fraudulent documents.

I demand your personal and timely attention to these matters. I have also been patiently waiting for response regarding previous complaints.

Although you may find it professionally and personally awkward, I AM ENTITLED TO THE PROTECTION OF YOUR OFFICE, IMMEDIATELY!

"Action as indicated: to enforce mediation or enter judgment"

To: Whosoever presiding:

Prior motions and petitions before this Court have not yet been addressed. Motions for recusal and reports of perjury and obstruction are being suppressed.

I am again being victimized by backstage plotting. I object to these proceedings, on grounds that the agenda is inappropriate, and that the very SETTING of this hearing by the Court Administrator and others, is just a cover for threats by FRAUDULENT COURT ORDER. This hearing was not SET until immediately after I pointed out the smoking gun to Mr. Davis. (Reference below)

For over two years this Court has denied me protection from a conspiracy of official oppression, operating within this Court, and judges have proceeded as though they were oblivious to sworn complaints of crimes, and motions for their recusals.

Action as indicated: Your calling on the U. S. Justice Department for an in depth investigation, in order that each judge presiding on this Cause can be briefed before he has any hearing, makes any ruling, or issues any Orders.

NOTIFICATION OF CONSPIRACY AND RETALIATION  
~~~~~

Lack of appropriate action is allowing a conspiracy to continue. The matter of crimes has been lingering over two years. I have been denied all official action. You are our magistrates.

I have already reported:

1. SUBVERSION of the Court Process to sneak in DEFAULT JUDGMENT proceedings, even though the attorney fully knew the Cause to be fraudulent, because HE HIMSELF fabricated it.
2. SUBVERSION of the County Appraisal District to harass and threaten.
3. SUPPRESSION of the rights of the Defendant.
4. OBSTRUCTION of the first recusal.
5. OBSTRUCTION by the First Administrative Judicial District, including MAIL TAMPERING regarding the second recusal.
6. ALTERING of Court records by tampering with File 95-63.
7. FORGERY of Court Order.

In light of the misuse of the Court and the Appraisal District, the obstruction of two recusals, the mail tampering, and even the FORGERY OF A COURT ORDER, I have reason to believe that someone even designated me for recent official scrutiny and harassment by someone in the IRS, because it was solely pertaining to what the attorney probated.

The latest "Notice of Setting" (enclosed) complements the BOGUS Court Order, and is another attempt to ensnare, and a diversion from serious complaints before the Court.

A procession of judges are meddling with the process, by interfering with the duties of the Court Administrator, to do whatever they find expedient, to cover up and oppress. The process has become a sleight of the hand. This is contrary to all legal norms and principles.

I question the authenticity of this "Notice of Setting", particularly in light of my recent notification to Mr. Davis (1-27-97, attached). The preferential scheduling is a diversion from what is before the Court.

The responsibility for this official harassment, however, rests directly with the County, for continuing to allow exploitation of employees and their positions, and the District Attorney, for denying me the protection of that Office.

This ongoing caper is official oppression. I am forced to request:

1. AN INJUNCTION against Richard Ray, Richard Davis, Tommy Wallace, and Betty Davis to cease and desist regarding Cause 95-63.
2. OFFICIAL REFERRAL of this matter to the U.S. Justice Department. This is racketeering under color of Law.

Regarding the Feb. 17, 1998 "Verification" (attached):

I cannot accept that Mr. William B. Jones would freely, voluntarily, knowingly, or intelligently sign such a document, and turn himself into the scapegoat for the fraud in a three year old petition.

It is obvious that Jones was incapable of completing his signature, and that it was completed by someone else, to conceal Jones' condition. Less obvious is the ruse used to get Jones to sign, and the necessity for the specific "Page 6 of 5" reference.

Jones is being surreptitiously delivered to your Office for sacrifice.

For reference, I have enclosed a copy of Jones' only other alleged signature to the proceedings.

Re: Jury Array, 294th District Court, Canton, TX.

Pertaining to my earlier inquiry regarding determination of the jury array for the District Court:

You indicated that the jury wheel is actually a software implementation.

You further indicated that this software is controlled by someone outside of the County.

You also indicated that the array can be modified on your end.

Nevertheless you felt it was ridiculous for me to be concerned about the integrity of the system.

Your obvious inability to detect possible bypassing of software on the other end gives me great concern, particularly in light of prior irregularities.

I therefore request your response regarding this issue.

Sincerely,

-----
